IS ACCORDED AN OVATION

SENATORS AND SPECTATORS
JOIN IN DEMONSTRATION FOR HIM

Washington, Dec. 6.—President-elect Warren G. Harding today addressed the senate as a member of that body, setting a new precedent in American history.

Harding told his colleagues in a brief informal talk that while he would always be mindful of the senate's place and responsibility in the government, he would also remember that he was president. He requested cooperation, declaring that it was not necessary for either congress or the executive to surrender to the other. He also urged the senate to make the remaining three months of the Wilson administration a fruitful time instead of so much waste.

Lodge Culls for Harding
Harding's speech was made after Senator Lodge, Republican leader, had asked the chair to recognize the senator from Ohio. Senator Lodge, in asking recognition of Senator Harding, said he could not refrain

from calling attention to the fact "that this is a memorable occasion. For the first time," he continued, "a member of this body has been elected president. He is here and I venture to suggest he may be recognized by the chair to speak informally to the senate before he leaves his services here."

While the galleries and senate applauded, Vice-President Marshall left his place, went to Harding's seat and escorted him to the platform. This action brought renewed applause. Harding appeared nervous as he began to speak, and again at the close. When he had finished the entire senate arose and applauded and he was quickly surrounded by colleagues eager to shake his hand.

Mrs. Harding There
When Harding had been speaking five minutes, Mrs. Harding accompanied by Mrs. Edward B. McLean and her secretary, appeared in the members' gallery, of the senate and took her seat among the other senators' wives. After the senate adjourned she held an impromptu reception in the gallery aisles.

ANNUAL LODGE OF SORROW IS
HELD SUNDAY. WITH
PRESIDENT SIMS
AS SPEAKER

The annual "Lodge of sorrow" of Stevens Point lodge No. 641, B. P. O. E., was held Sunday afternoon in the club rooms. The ritualistic work of the order was carried out by the officers of the lodge and music was furnished by Weber's orchestra. President John F. Sims of the Stevens Point Normal delivered the eulogy, which was general in scope and appealed for a broader application of the principles to which the Order of Elks, now more than half a century old and enrolling more than half a million members, is dedicated. President Sims referred to H. D. White and J. B. Plattner as the members of the local lodge who have died during the past year.

SCHOOL BUDGET LARGE

If the Oshkosh commission council accepts without change and incorporates in that city's annual tax budget the school budget adopted by the board of education at a special meeting, the total amount to be raised for school purposes here will stand at \$409,644. This is an increase of approximately 34 per cent over the amount of the school budget allowed in Oshkosh last year.

PURCHASE NEW SEATS
New single, adjustable seats have been purchased by the Maine school in District No. 2, town of Plover, where Mrs. Olive Gilman is the teacher. Members of the school board are H. J. Smith, Thomas Hodgden and C. M. Bricker.

In addition to the regular prizes to be offered at the potato show to be held in Stevens Point December 12 to 15, a business firm of Rosholt, has offered two special sets of prizes of \$5, \$3 and \$2, one for the best exhibits of Rural New Yorkers grown in the town of Sharon, Alban or New Hope, and one for the best exhibits of Triumphs grown in these towns.

The schools throughout the county are enthusiastically taking part in preparing for the Portage county potato show. Several of the schools are planning to send exhibits and many are organizing potato societies. The potato societies are being organized for the purpose of interesting young people in modern methods of potato culture. Next year it is planned to award appropriate prizes for the best showings made by the youthful potato growers.

**INDICTMENT CHARGES
ATTEMPTED BRIBERY**

MILWAUKEE CABARET PROPRIETOR
HELD BY GRAND JURY
INVESTIGATING WHISKY
TRAFFIC

Milwaukee, Dec. 6.—Advance indications that the federal grand jury here had named alleged leaders in the "million dollar Lake coast whisky ring" in twenty secret indictments returned last week, were borne out here today, when Joseph A. Budar, prominent cabaret proprietor, was rearrested, charged with tendering bribes to a government official.

Budar was recently arrested, charged with offering a \$10,000 bribe. The warrant on which he was rearrested today charged him with tendering \$35,000 in bribe money to Henry Stroud, chief of the United States secret service here, in an effort to induce Stroud to discontinue his investigation of bootlegging in Milwaukee. "The grand jury indictments declared that \$7,500 in cash was actually handed over to Stroud, and that in addition to having offered \$10,000 Budar also promised \$25,000 more if Stroud would obtain the release of a carload of whisky which had been seized by federal officials on October 11. The warrant also charged Budar sought to have Stroud furnish names of witnesses appearing in the grand jury booze probe. Immediately after his arrest, Budar was arraigned before Judge F. A. Geiger and released under \$25,000 cash bail following his plea of not guilty.

**PEACE IN IRELAND

PREMIER LLOYD GEORGE RECEIVES RESPONSE FROM
SINN FEIN LEADERS TO
PEACE FEELERS

London, Dec. 6.—Cessation of fighting in Ireland appeared imminent today. With Sinn Fein peace offers in his hands, Premier Lloyd George was expected to make the most of the opportunity to end bloodshed in Ireland, perhaps making an announcement in the house of commons today.

The bid for peace came from Father Michael O'Flanagan, a vice president of the Sinn Fein organization and its acting head. He telegraphed Lloyd George, "You state you are willing to make peace immediately and hope Ireland also is willing. What steps do you first propose?"

There was opposition both here and in Ireland. Some Sinn Fein leaders declared they are not ready to undertake peace now which would result in a compromise on their demands. Other leaders approved of the offer, declaring England has been the aggressor throughout and that the Irish have always been ready for peace if England withdraws.

Meanwhile anti-Sinn Fein activities continued throughout England and Ireland.

WINTER SESSION**

HEAVY PROGRAM PLANNED

LONG LIST OF IMPORTANT
BILLS TO BE DIS-
POSED OF

By L. C. MARTIN
(United Press Staff Correspondent)
Washington, Dec. 6.—The final session of the Sixty-sixth congress began at noon today. When it ends on March 3 next, many of the members who today greeted each other will return to private life along with Woodrow Wilson.

This short session has been looked on in prospect as a rather routine session, devoted largely to passage of the fourteen appropriation bills. But indications are that it will be crowded with other important business. Not only will the mass of routine be transacted, but there is to be considerable foundation-laying for the Sixty-seventh congress, when the Republicans, in complete control of both legislative and executive branches of the government, propose an ambitious program.

What Will Wilson Do?
When congress assembled, interest centered in President Wilson's final message, which probably will be read tomorrow. Both houses, but particularly the senate, wanted to hear whether Wilson, defeated at the "solemn referendum" on the league of nations covenant at last month's election, would indicate his intentions with regard to the treaty. It will make slight difference what President Wilson suggests, however, as Republican plans for handling the treaty are already mapped out. The extra session next March or April is to handle that, unless the unexpected should happen, and Wilson should send the treaty back now, with an acceptance of senate reservations.

Long Program Prepared
Here is some of the work which this session will be called on to dispose of. Fourteen appropriation bills. Reapportionment of representation in the house of representatives, based on the 1920 census. A national budget bill. A bill to amend the Volstead prohibition enforcement law to make prohibition less stringent. A bill to make the Volstead law more stringent and to give the prohibition commissioner a bigger force, more money and wider powers. A demand for a sweeping investigation of prohibition enforcement. Some measure of tax revision, although the main program of tax and tariff revision is to be undertaken at the next session, according to present plans of Republican leaders. A soldier bonus bill. Measures to lower the cost of living. Proposed amendments of the railroad law. A treaty with Japan covering land ownership by Japanese in California and other states. A treaty with Colombia, settling the old controversy over the Panama Canal and establishing American oil interests in Colombia. Measures to improve housing conditions. Proposals to curb the power of grain exchanges to control the price of wheat and other grains. A large number of welfare measures.

Investigations Planned
In addition, some new investigations doubtless will be undertaken. The senate carpetbag fund investigating committee is expected to make a partial report, and will also continue its inquiry. Having asked how candidates and parties raised money, the committee now will ask how they spent it. A final report may also be made on the Newberry election case.

Session Is Started
Washington, Dec. 6.—Congress is again in session. The two houses met at noon with the next president of the United States, Senator Harding, in his place in the senate.

Harding was the magnet that made the senate wing of the capitol the goal of crowds. His entrance in the senate caused a demonstration by senators and spectators lasting several minutes. When Harding answered his name in the roll call there was more applause.

Speaker Gillett called the house to order at noon. Vice President Marshall let his gavel fall a moment later. There was nearly a full attendance.

Anzelm Wojak and Walter Werachowski, co-defendants in a case instituted by the state charging them with operating an automobile without the owner's consent, have disappeared and their bonds of \$200 each were declared forfeited by Judge Byron B. Park in circuit court Monday morning.

The names of each of the two young men were called three times by Deputy Sheriff George F. Hebard in court. There was no response. Deputy Hebard then called upon Jacob Wojak and Robert Kostka, bondsmen for Wojak and Werachowski, respectively, to produce the bodies of the two defendants. Again there was no response. The court then, on motion of District Attorney Pfaffner, declared the bonds forfeited.

Both Wojak and Werachowski are Stevens Point residents. Wojak dropped out of sight some time ago and is said to have joined the navy. Werachowski only recently disappeared. John Liss, Stevens Point, is also named as a defendant in the case and the action against him is listed for trial at the current term.

NOMINATIONS IS
EXTENDED
Four contestants have been entered to date in the potato queen popularity contest to be held next week in connection with the potato week observance for growers of Portage county. The time for making nominations has been extended to Friday evening of this week and there is still an excellent chance for a half dozen young ladies to be chosen in the list of 10 who are to compete for honors.

No nominations will be received after Friday night, and on Saturday the names of the ten highest nominees will be announced. On Tuesday, Wednesday and Thursday of next week every person who registers for the potato show will be entitled to cast a vote for his or her favorite candidate.

Two nominations have been received to date from the town of Amherst, one from Stockton and one from Almond.

ANSWERS ARMY'S CALL
PLAINFIELD PHYSICIAN TO RETURN TO SERVICE THIS MONTH
Dr. F. R. Borden of Plainfield, who is well known in Stevens Point, will leave his home this week for Camp Grant, Ill., to be assigned to army service. Whether he will be stationed in the United States or in foreign service is not known at this time. The Plainfield Sun contains the following:

"Dr. Borden recently took the examination for army medical service and received high honors as he was awarded the position of major of medical corps for the regular army, with a pay approximately \$500 a month. He will also receive a pension of three fourths the pay he is receiving when he reaches the age limit."

"Dr. Borden returned from twenty-two months' service in the world war, a part of which was overseas, with the title of major, which title he has demonstrated that he is still capable of retaining by passing the stiff army examination so successfully."

"His family will remain here until about January 1, when the major will receive his assignment and arrange for a new home."

**PLANS COMPLETE
FOR SCOUT DRIVE**

COMMITTEES ARE NAMED TO
WORK IN INTERESTS OF
NEW ORGANIZATION
FOR THIS CITY

FUNDS TO BE SOLICITED

THREE YEAR PROGRAM ADOPTED AND SCOUT EXECUTIVE
WILL BE HIRED
The committee appointed by Pres. J. W. Dunegan of the Chamber of Commerce for the purpose of securing a Boy Scout organization for Stevens Point has perfected its plans and a campaign has been formulated which will give the boys of this city a first class Boy Scout club. This means the employment of a man to give his full time to scout work in Stevens Point.

Funds for this program will be secured by a city wide house to house canvass which will begin on Monday, December 13. Plans for this campaign are well under way and will be announced within the next few days.

Three Year Program
Experience elsewhere has shown that the only way to insure success for an undertaking of this kind is to put it on a three year basis. The local organization committee therefore will ask subscribers to make pledges to cover a period of three years. A total of \$15,000 will be raised, according to present plans, the sum of \$5,000 being the estimated expense for each year. Out of this fund the executive's salary will be paid, summer camps provided for the boys under adult leadership, and an intensive effort made to give the boys of the city every possible advantage of the Boy Scout program.

To Hire Executive
The committee is already in communication with candidates for the scout executive position here. A sub-committee on advertising has been organized and the attention of the public is called to the articles appearing daily in the Journal. Nominations are being received for members of the local council for governing body of the scout movement. It is hoped to secure a group of 50 men representing the various churches, fraternalities, clubs, organizations and educational institutions of the city.

The committee is also receiving suggestions of Scout camp sites for the boys' camp. One of these camps is being offered for the use of the Stevens Point city and one for the use of the Stevens Point city. All schools in the city are asked to take part in this effort.

The pastors of Stevens Point have been asked to cooperate in the movement and to address their congregations on this subject. Speakers will also visit the various schools of the city.

Committee Named
The officers of the committee are H. C. Snyder, chairman, C. W. Copps, secretary, and E. B. Robertson, treasurer. The advertising committee is composed of F. W. Leahy, Rev. E. Croft Gear and Dr. L. P. Pasternack. The committee on nominations for council is headed by Rev. E. Croft Gear and is comprised of the following other members: L. R. Anderson, Rev. J. C. Hogan, W. E. Fisher and Robert Kostka. As members of the special solicitation committee, J. V. Borens, E. B. Robertson and C. W. Copps have been named. The city wide campaign is to be conducted by a committee composed of J. J. Northington, C. S. Orthman, J. N. Welsby and James Vennie.

MARKET MORE SPUDS
FARMERS CONVINCED PRICE
WILL BE NO HIGHER,
BUYERS BELIEVE
Despite the present low price, Portage county farmers are marketing their crop of potatoes. They are convinced that the price will not be any higher this season, local buyers believe.

Potato prices slipped 15 to 25 cents per hundred pounds last week, with local receipts the heaviest for several weeks. About 40 loads were purchased by local dealers at a price ranging from \$1 to \$1.10 Saturday. Chicago potato quotations ranged from \$1.35 to \$1.50 per hundred pounds Saturday, and local dealers report difficulty in finding buyers for their Chicago shipments.

BIG BANK PLANNED
The Commercial National bank of Fond du Lac will start the construction of a \$550,000 banking house and office building at the southwest corner of Main and First streets in that city next spring. It will be five stories in height.

SHOOT BIG MOOSE
Guy Nash, Wisconsin Rapids, returned last week from northern Minnesota with a 1,200 pound bull moose which he shot. The carcass was placed on display at a meat market at the Rapids.

The Governor-elect and the Passengers Rates

John J. Blaine, governor-elect, is going into the courts to fight the attempt of the railroads to raise their rates within the state from three cents to three and six-tenths cents per mile. May he succeed.

The old intrastate Wisconsin rate was two cents. The interstate commerce commission made it three cents during the war, and that was submitted to without protest as a war measure. But Wisconsin people are not satisfied to pay another six-tenths of a cent per mile if it can be avoided. It is our theory that even a three cent rate is too high, and that the additional costs of running the railroads should have been recouped in freight rates and in Pullman charges. Travel among the people has a value of its own that in the interest of the public welfare should be encouraged. The government makes a low rate on news papers and periodicals for the purpose of diffusing information and intelligence among the people. If many at- tention consistently make a low passenger rate on head people to go about among their neighbors and thus to rid them selves of the narrow provincialism which grows upon all of us sleeping too long in one spot.

We wish the new governor every success in his effort to keep rates on passengers from going further, and hope he may find a way even to bring about a reduction to pre-war standards, caring for the rights of the roads. If necessary, by further adjustment of their freight revenues. And it remains to be proven that even that would be required.

Where Conditions Are the Best

Business conditions in Stevens Point are perhaps as good as the best anywhere in the country. The city which had no-war boom industries but only a healthy growth was not hit as hard as others where temporary industries waxed rich and for the time paid extravagant wages. Stevens Point's railroad industry, her jammed and wood-working mills and factories serve permanent and increasing needs, and while there will be seasons better than some others, the general average will be good. There is no stagnation in some shops closing briefly for repairs or even, in a few cases, waiting orders. The most serious blow we have had here is the prohibitive return to our farmers from the 1920 crop.

But here are a few staves which reveal local prosperity. The hand fair this year was the best attended and took in the most money in its history. Churches have had record-making figures at their money-making affairs, the new theater is doing a wonderful business and the old theaters still hold their patrons; bank deposits are large, merchants who have put on sales in recent weeks have had a three trade. It all indicates that most of our people are at work, and that all of them, even those temporarily idle, have money. The Soo railroad alone has, and will continue to have, a pay-roll well sufficient to go a long way toward maintaining this community in a prosperous condition, and the increased wages paid under the allocation of last summer is worth something to everyone in business in Stevens Point.

We feel well pleased with present business conditions in Stevens Point and exceedingly confident as to the outlook.

What Suggestions May Accomplish

An article written by D. McElchlin in the Journal a few days ago illustrated what may be accomplished for their town by residents alert to opportunities to serve it. A couple of citizens met a traveler on a train, and he was interested in flour mills, spoke of the possibilities of Stevens Point, and out of that conversation the Jackson Milling company's plant here grew. A young man formerly living in another state where he had come into contact with a famous railway builder noticed that that man was interested in a railroad in this territory and wrote to him, calling attention to the need of a line from Stevens Point to Plover, and out

of that came the Green Bay route in to Stevens Point. If in the one case the suggestion was not made, and in the other the request made, if the person who happened to think of it had decided in advance that it was not worth while to try, the mill might not have come in, probably that mill would not, and it is quite likely that the railroad would not have come in. Hitherto, we know, do pass right by important points sometimes without going in. Another railroad passes almost as near to Stevens Point as the Green Bay road is at Plover. It has passed near our doors for 40 years and it still fails to come in. The Chicago, Milwaukee & St. Paul with its great resources is only nine miles away from us directly to the west, and who can say that, when it would not run its line into Stevens Point, that the Green Bay ever would have done it, either if the proposition had not been put up to it in the right way, at the right time and when the right man was on hand to entertain it?

The article of Mr. McElchlin hints to persons of vision—the kind of person who make cities—what may be accomplished by 12,000 residents of Stevens Point ever awake to chances to say or do something which will help the town. A word here or there may accomplish great things. A tip may be passed on acquaintance, a new light brought about creation of a new industry. The builder is he who makes two halves of grass grow where the error before. He who brings a new resident worth while or who even attracts attention to Stevens Point as a corner is helping build the future.

Keeping Up the Red Cross

Stevens Point and Portage county people have by removal of members, continued their county chapter, among the best kept Red Cross organizations in the country. This county chapter is the only one in the Red Cross, which is a remarkable occurrence in a county where the society was almost unknown a half dozen years ago, since the war closed, so well said as the local public here on its red cross, that they have kept the membership firm at almost wartime proportions. Besides doing its part in support of the national order, the county chapter is carrying on home work of great utility. The response of our people in the campaign at closed is a vote of confidence and financial backing for the next year.

The City Nurse

A new city nurse has been engaged by the common council to begin her work in January. Fortunately, the staff fall has been comparatively free of contagion with the result that the value of having a nurse at work in town months has not been so serious as it might have been.

WILLIAMS IS PAROLED

George W. Williams, sentenced by Judge B. B. Parks of this city to serve four years in the state penitentiary at Waupun on a charge of securing money under false pretenses and issuing worthless checks, has been paroled. He will be held responsible to the state board of correction. Williams was convicted several weeks ago and had been lodged in the county jail at Wisconsin Rapids since the trial. He was arrested at Wisconsin Rapids and brought back to Stevens Point.

WAR ON PEPER WINE

Wine of pequin and other alleged intoxicating beverages which have been dispensed over bars in Wisconsin Rapids are doomed to disappear, according to police of that city. Following a letter to District Attorney Calkins from state prohibition officers, the police are instructed to seize all liquor containing more than one-half of one per cent and to warn soft drink vendors who have been dispensing it that its sale is illegal.

IOLA MAY ASSAULTED

Ovillie Sloughion, Iola business man, was the victim of an attack by an unknown person a few nights ago. He was struck on the head by a rock when leaving his shoe-repair shop, his assistant also calling him names. The following morning he found a note which read, "Ovillie Sloughion, get out of your life is short."

DELEGATE GIVES REPORT OF TRIP TO UTAH MEETING

MRS. G. G. KNOLLER OF DANCY REPRESENTS WISCONSIN AT CONGRESS AT SALT LAKE CITY

The following is the condensed report of Mrs. G. G. Knoller of Dancy, who represented Wisconsin at the Farm Women's National Congress, held at Salt Lake City in October: "As a delegate from this state to the Farm Women's National Congress, which was held at Salt Lake City during October, I left Chicago Friday evening, October 15, in company with Mrs. J. T. Holland of An-brunelle, who was also a delegate. I was accompanied by Mrs. M. Kinch. At Cedar Rapids, Ia., we were joined by Mrs. Fannie M. Kinch, president of the organization. We spent some time at Omaha, Neb., where we were joined by ladies from other states.

"Sunday morning we reached Denver, Colo., where more ladies from other states joined us. Our next stop was Colorado Springs, which city boasts of having 329 days each year of sunshine. The day was very warm, still snow lay all around and did not melt, due, they stated, to the high altitude. Places Park, although 20 miles distant, appeared to be only a few rods away, due to the condition of the air. A heavy snow storm lay before had shut off the traffic to and from Pike's Peak.

"At Colorado Springs we took open cars and were two hours going through the Royal Gorge. We then passed over the Genesee pass, where the waters of the Atlantic and the Pacific divide. Here the altitude is only ranked close to the top in its 10,440 feet above sea level and is the highest point in the United States. Although I suffered little inconvenience, the high altitude made some very ill.

"Monday we crossed the Witsatch range of mountains in Utah, passed many coal mines and went through Castle Gate and out of the mountainous territory. Here Brigham Young, when he was leading his band of Mormons westward seventy years ago, exclaimed, 'I have entered the gate to the promised land.' Our train then started its descent down the slope and before reaching the depot, entered the mountain three times. From here recreation began to appear and we saw horses and sheep grazing on the peaks of the hills. Our next descent prevented Salt Lake City before us, nestled in Utah's famous fruit valley.

Headquarters at Hotel Utah. At Salt Lake City our headquarters were at the Hotel Utah, across the street from the Mormon property, and one of the finest hotels in the West. Salt Lake City is surrounded by the Wasatch mountains, has a population of 120,000 and this year will have entertained tourists numbering hundreds of thousands. Here the Utah State University, and its capitol are located and the Mormon properties which attract people from all over the world.

"The president of the Farm Women's Congress, Mrs. Kinch of Clarksville, Ia., has appeared before Congress at different times in the interest of the rural communities. She has been and retired on a farm, and has a college education. She now owns and operates a large farm on which she conducts an experimental station. Last year she raised 72 varieties of wheat. Her work is aided with the Iowa College of Agriculture. She contributes to the leading farm papers and periodicals.

Many Noted Speakers. "The meeting was largely attended by women from the middle and western states. Nearly all were college women, who are operating large farms. One woman who addressed us, Mrs. Dr. Homer of Utah, with her husband owns and operates a two hundred acre fruit farm. Up to that time they had trucked and shipped 15,000 boxes of fine Utah apples. Mrs. Homer is the only woman actually engaged in farming in the United States, who has a degree of Ph. D.

"Consolidated rural schools are everywhere. Even out in the mountains are splendid school buildings. Many noted men and women from the surrounding states addressed the meeting, among them Miss Edith Lathrop, director of rural schools at Washington, D. C. Our meetings were held in the Mormon assembly hall. At noon each day we heard an organ recital in the Mormon Tabernacle. This also by Brigham Young, long before railroads ran through the territory. The building will seat 12,000 people and has not a nail in its construction. It is put together with wooden pegs and tied with thongs. An organ bluffer from England built the great pipe organ that for years was the largest in the world. The building is dome shaped and the acoustics are perfect. The Mormon Temple can be entered only by those of that religion in good standing. It is a huge building, was 40 years under construction, and the gray granite of which it is built was hauled from Missouri by ox teams. It cost \$4500,000.

"Polygamy among the Mormon people has long ceased. We found them a splendid, thrifty, upright people. The free use of their properties was tendered us during our stay here.

I found my brother-in-law, who is an oil boom oil having been struck near and he owns Reno has a population of 12,000 with a leading population of about 3,900 seeking divorces. Seven hundred twenty divorces in one month, or one every hour, makes some business for the attorneys and newspapermen. Most of the store clerks are common in Reno.

"At Reno is located the Nevada State University and the farm in connection. I visited the farm and saw herds of cattle belonging to herds that brought as high as \$30.00 each. I observed while going across the fair section in northern Illinois, the fruit ranches of Utah and the fruit and cattle ranches of Reno, that nearly all of the farm buildings, including silos, fences and trunks of trees, were painted white, making a beautiful picture against the golden rich trees.

"I went away thinking Wisconsin was a fair state; I returned thinking there was more better. Mrs. G. G. Knoller."

Seven Cows for One
LALLEY LIGHT will save you:

A milking machine operated by the power from the LALLEY LIGHT will milk seven cows in the time it takes you to milk one by hand. We could go right on down the line and show you how the LALLEY Plant is a money making plant, as well as a lighting plant. For instance: It supplies power in plenty to pump water, heat the house, run the washing machines, sewing machine, vacuum sweeper, cream separator, churn, farming mill, grind stone, emery wheel, etc., etc. So, if the old saying, "time is money" is true—if this old "saw" means anything, the LALLEY LIGHT means real dollars and cents in your pocket. And we want to impress upon your mind the fact, that the LALLEY LIGHT has all this energy-saving work better because it has been tested and perfected through ten years of actual owner use. We want the opportunity to show you personally just how and why the LALLEY "Does More—Does it Better." We know that if we could demonstrate to you these facts there never would be any doubt in your mind as to "which Plant" Come in—make it a point to.

FARMER OF HULL DIES ON ROADSIDE

LIFELESS BODY OF ALBERT ROMPAJSKI, 72, IS FOUND MILES FROM HOME

ALCOHOLISM IS SUSPECTED

THOROUGH INVESTIGATION TO BE MADE BY CORONER AND DISTRICT ATTORNEY

From Friday's Daily
Albert Rompalski, 72 and married, an old resident of the town of Hull, was found dead along the Bentley's mill road in the town of Sharon, two miles from his farm home, this morning.

While there were no evidences of foul play, there were indications that Mr. Rompalski died of alcoholism and Coroner H. D. Boston, who made a hasty survey of the situation this morning, is preparing to conduct a thorough investigation to definitely establish the cause of death and, if it was alcoholism, to make every effort to ascertain the source of the liquor.

Last Seen at Saloon

Mr. Rompalski, according to information obtained by Coroner Boston, arrived at the saloon of Peter Check in the town of Sharon at 10 o'clock, Thursday morning. He left the place at 4 o'clock in the afternoon and nothing more was seen of him until this morning, when his dead body was found on the roadside about 10 rods north of the saloon. Information gathered by Coroner Boston is to the effect that Rompalski, on leaving the saloon, drove off with a team that had been left standing there by Mike Fox, a neighbor, who was returning home from Stevens Point with a load of grain. The team reached the Fox home driverless and a son of Mr. Fox, becoming uneasy about his father, started off with a single horse to look him up. The son found his father still at the saloon.

Fell from Wagon

Rompalski, after leaving the saloon with the team, had traveled only a short distance when he fell from the wagon. The spot where he fell was clearly marked in the road and imprints of his hands and feet indicated he tried to drag himself along the road. That he was unable to rise to his feet after his fall is the belief of Coroner Boston. That nobody noticed him along the road during the late afternoon is accounted for by the early darkness.

The body was brought to Stevens Point by Coroner Boston and an inquest will probably be held Saturday on Monday. District Attorney J. R. Piffner will co-operate with the coroner in conducting the investigation.

Leaves a Family

Mr. Rompalski is survived by his widow and several grown children.

CRANBERRY PICKER SETTLES WITH COURT

WAUSAU COUNTY CASE IS DISPOSED OF HERE THURSDAY BY JUDGE

B. B. PARK

A dispute over ownership of a quantity of cranberries was disposed of in circuit court chambers here Thursday, when Judge B. B. Park assessed a fine of \$20 and costs against Charles Zabel, a resident of Waushara county, who entered a plea of guilty to the charge of unlawful assembly. Zabel was one of eight or ten men who went picking wild cranberries on a marsh in Waushara county. Thomas Curran, Jr., who was in charge of 80 acres of cranberry marsh, came to them and, approaching each of them individually as they were scattered about the marsh, asked them to leave. The pickers, after a short assembly and had a form of indignation meeting, the outcome of which was that Mr. Curran was accosted and he, alleges, roughly handled. On the ground that he was not entitled to the berries, the pickers took from him those he had claimed.

Cases similar to those against Zabel are pending against all of the others implicated in the trouble.

SLAUGHTERED DOES FOUND BY HUNTERS

The one buck law was not observed by sportsmen in the vicinity of Eagle River, Wis., according to the report of two local men who spent several days on a hunting trip in that vicinity during the recent open season on deer. Urbanowski and Frank Spalenka of Stevens Point were members of a party which hunted near Eagle River, and according to the former, nine does were found dead in the woods, having been killed in violation of the Wisconsin game laws. Both Mr. Urbanowski and Mr. Spalenka returned home without a deer.

STOCKMEN ORGANIZE FORM JERSEY BREEDERS' ASSOCIATION AT SATURDAY MEETING

The Portage County Jersey Breeders' association was organized at a meeting held at the office of County Agricultural Agent W. W. Clark at the court house on Saturday afternoon, attended by 10 of the leading Jersey breeders of the county.

The following officers were elected: President, E. P. Tobie, Amherst Junction; vice-president, E. H. Mayer, town of Plover; secretary, L. L. Ferguson, town of Plover.

A committee was appointed to represent the association at the December meeting of the common council of Stevens Point, when the question of building a livestock sales pavilion and armory in Stevens Point will probably be discussed. The Jersey breeders are not content with present facilities at the local fair grounds and will lend their co-operation to the fair directors and other interested citizens who are anxious to carry out the pavilion project to a successful conclusion.

Several head of Jersey stock were pledged for the auction sale of pure bred and grade cattle to be held in Stevens Point on December 16.

The association decided to hold a picnic at the farm of its first president, E. P. Tobie, at Amherst Junction, on June 16.

PROFESSOR CULVER TO DETERMINE ON QUESTION OF ALCOHOLISM

Acting on the report of the preliminary investigation made by Coroner H. D. Boston, District Attorney J. R. Piffner has ordered an inquest into the death of Albert Rompalski, 72, town of Hull farmer, whose lifeless body was found on the roadside about two miles from his home Friday morning.

Jury Is Sworn

A coroner's jury composed of Adam Kuhl, N. J. Knope, L. R. Anderson, O. A. Young, C. E. Wert and M. M. Ames was sworn in by Coroner Boston and immediately adjourned, subject to call. Coroner Boston also engaged the services of Prof. C. E. Culver of the Stevens Point State Normal to make an analysis of the stomach of the dead man.

When Scott was arraigned Saturday, the assumption of foul play does not enter in the Rompalski case, the circumstances surrounding his death indicating that he died as a result of alcoholism. When the coroner's jury reconvenes, Professor Culver's findings will be reported, and on this report will depend, to a large extent, what further action is to be taken. The reconvening of the jury will be delayed until next week, at least, owing to the fact that District Attorney P

ARREST IS MADE**

From Friday's Daily
The disappearance of more than \$50 in bills from a pocketbook owned by Joseph Krzyzewski at his shoe repair shop at 210 Clark street on Thursday afternoon led to the arrest on Thursday evening of George Boyanowski, aged 17 years. The young man was arrested before Judge W. P. Owen this morning, entered a plea of guilty to the larceny of \$51 and was bound over to circuit court. The money alleged to have been stolen was found on Boyanowski following his arrest.

Youth at Shoe Shop
According to the story told to local officers by Mr. Krzyzewski, Boyanowski came to his place of business at about 4:30 o'clock Thursday afternoon, where he sharpened a jack knife on a small grind stone. He was seen to go behind a counter, according to the shoe repair man, but nothing was thought of it at the time. Mr. Krzyzewski discovered his loss an hour later and upon reporting the matter to the police, a warrant was sworn out by Chief John S. Hofsoe, charging Boyanowski with larceny. The warrant charged him with the theft of \$51. The pocketbook had been left behind the counter, but the bills removed.

Money Recovered
Police were unable to find Boyanowski until Thursday evening, when he was located at the Burlingame billiard establishment. He was taken into custody and upon being searched \$60 in cash was found upon his person.

When arraigned in court this morning, the young man admitted having taken \$51 but denied that the amount was any larger than that. He declared that the \$9 unaccounted for by his own admission belonged to him.

To Higher Court
After entering a plea of guilty Boyanowski was bound over to circuit court as the nature of the case takes it beyond the jurisdiction of the lower court. Boyanowski will probably appear before Judge B. B. Park within a few days. His bail was placed at \$300, which it was expected would be furnished by a relative.

tendance of senators and representatives, only a few from each house being absent.

No Lack of Bills
Washington, Dec. 6.—A bill to suspend immigration for two years was one of the first to be introduced in congress as it reconvened today. This measure, which will probably be one of the first acted upon because of the alarming increase in immigration, was placed in the bill basket on Speaker Gillett's desk by Representative Johnson of Washington.

The next important bill was introduced by Representative Volstead, Minnesota, chairman of the judiciary committee, providing for repeal of war legislation.

Big piles of bills were on the desk of Vice-President Marshall in the senate and Speaker Gillett's desk in the house. Several bills were introduced to aid the farmers during the present price decline.

Senator Capper, Kansas, suggested a tax of ten per cent on all dealings in cotton and grain futures. Representative Tinscher, Kansas, wants to place a tariff of 36 cents a bushel on all imported Canadian wheat. A resolution of Senator Calder, New York, requests the revival of the war finance corporation. A few reform measures were dropped into the basket by Senator Jones, Washington, and Representative Temple, Pennsylvania.

TWO YEAR SENTENCE IN WAUPUN PRISON FOR NEEDED MAN

**RAY SCOTT, CONFESSED AUTO
THIEF AND ALLEGED DE-
SETER OF FAMILY,
MUST PAY HEAVY
PENALTY**

After pleading guilty to the theft of an automobile, Ray Scott, 32, of Necedah, was sentenced to serve two years in the state prison at Waupun by Judge B. B. Park in circuit court chambers here Saturday morning.

Scott admitted he stole a Ford car belonging to Lewis Kennison at Nekeosha on August 27—but that is but part of the story. Scott is a married man, with children. It is charged that when he made away with the automobile he was accompanied by a nephew of Kennison, a married woman and a 16-year-old girl. The party, it is alleged, made a tour of the state, "swapping" cars two or three times and finally ending up at Elderton, Marathon county. At Elderton, it is said, the other man of the party disposed of the car for \$25 and disappeared.

Scott, so the story goes, took a job of wood cutting at Elderton and was living in a shanty there with the married woman—the mother of five children living at Rockford, Ill.—when he was arrested. The 16-year-old girl, stranded at Elderton, wrote to an "old sweetheart" at Beloit, asking for money. She received \$15 from this source and on going to Beloit married her benefactor.

Scott, it is said, left his family in destitute circumstances. The authorities have been unable to apprehend the man who accompanied him on the wild tour, a detailed account of which was given by District Attorney F. W. Calkins to Judge Park when Scott was arraigned this morning.

ATTEND POTATO SHOW

**PORTAGE COUNTY MEMBERS OF
STATE ASSOCIATION BACK
FROM MILWAUKEE**

W. W. Clark, county agricultural agent, P. N. Peterson of Amherst and Carl Waller and C. O. Evenson of New Hope, all members of the Wisconsin State Potato Growers' association, were among the Portage county representatives at the state potato exposition held at the auditorium at Milwaukee this week.

At a meeting of the association held Friday, J. W. Hicks of Phillips was re-elected president, Robert Amundson, county agricultural agent of Oconto county, was elected vice-president, and Prof. J. G. Milward of the University of Wisconsin was chosen to act as secretary-treasurer.

An effort was made at the meeting by representatives of several of the principal potato growing counties to have the 1921 show held in the central part of the state. Plans for co-operation offered by the Milwaukee Association of Commerce were so attractive, however, that it was voted to hold the show there. The Association of Commerce has agreed to put on a campaign of publicity for the advertising of Wisconsin potatoes, with the idea of making potatoes grown in Wisconsin as well known as fruit grown in California. The organization gave about \$1,500 to the show this year, most of which was used for advertising. In addition to this, farm machinery companies of Milwaukee and members of the Commerce association purchased space in the auditorium amounting to \$1,200, a sum sufficient to pay for the rent of the building during the show.

While at the potato show, Mr. Clark took orders for 2,500 pounds of Rural New Yorker certified seed potatoes, from samples exhibited by Portage county growers, at a price more than double the present market quotation.

Portage county was not represented by an official exhibit at the potato show this year, but the County Board of Supervisors has appropriated \$200 for a booth at the 1921 show. The first prize for the best exhibit was won by Oneida county. The prize was \$50.

STAGE HOLD-UP AT EARLY HOUR

LOUIS ROUSKEY RELIEVED OF
\$25 BY TWO MEN ON MAIN
STREET NEAR NORMAL
SCHOOL

THREATEN TO KILL HIM

IS STRUCK BLOW ON THE HEAD
WHEN HE TAKES HOLD-UP
AS JOKE

From Friday's Daily
Louis Rouskey, proprietor of the
College Inn, was held up and robbed
of \$25 in cash on Main street in front
of the Normal school building short-
ly after midnight Thursday night.
According to Mr. Rouskey's version
of the affair, two masked men did
the job, beating a hasty exit after re-
lieving him of all the money he had
on his person. Mr. Rouskey took the
hold-up for a joke at first, but was
impressed with the fact that it was
not when he was struck a blow over
the head by one of the pair.

Followed for Blocks
Mr. Rouskey closed his down town
place of business shortly after mid-
night and then escorted a saleslady
who is employed by him to her home
near the fair grounds. He noticed
two men behind him when walking
east on Main street near Division but
thought nothing of it at the time.
Turning back toward town after
reaching the girl's home, he again
saw two men, this time near the Wil-
hamson store at 12th Main. They
turned south on Michigan avenue and
he thought no more of it then.

Walt Under a Tree
When Mr. Rouskey approached the
Normal school block, walking on the
north side of Main street, he noticed
two men sitting down under one of
the large trees on the Normal cam-
pus. When nearly opposite them, they
arose and came toward him. One of
the pair, of medium height and thick
set, grabbed Mr. Rouskey by the front
of his coat with one hand, pointing a
revolver at him with the other hand.
The second assailant, described as
being tall and thin, stood behind Mr.
Rouskey and held him by the shoulder-
ers.

Threaten to Shoot
Although the man facing him wore
a handkerchief which partly conceals
his face, Mr. Rouskey was unwill-
ing to believe that the two were in
earnest and took the matter as a joke.
In response to this attitude, one of
the men replied, "Get the money out."
When Mr. Rouskey realized that the
hold-up was genuine he showed resis-
tance. He was then told "If you
open your mouth we'll plug you full
of holes." In a short scuffle Mr. Rou-
skey was struck a blow over the back
of his head by the man who was hold-
ing him from behind. The blow dazed
him for a moment and while the man
in front kept him "covered," the one
behind held onto his shoulder with
one hand, going through a hip pocket
with the other.

Find \$25 Gone
Immediately after this happened
Mr. Rouskey found himself alone and
an inventory of his pockets disclosed
that three five dollar bills and one
ten dollar bill were missing. He
looked around but could see no one,
the pair having lost no time in dis-
appearing. Mr. Rouskey then walk-
ed down town and reported what had
happened to a night officer. He re-
turned to the vicinity of the hold-up
later after arming himself but failed
to make any discovery or run across
his assailants.

Suspect Local Men
In commenting on the hold-up, Mr.
Rouskey explained that Thursday
night was the first time in weeks that
he had not carried a revolver with
him. He believes that the pair who
relieved him of \$25 are local men
and that it was perhaps their first
experience of the kind. According to
Mr. Rouskey, the affair was con-
tinued for nearly 20 minutes. While
the men were apparently unfamiliar
as to just how to proceed, they were
determined to get what money he had
on his person and finally succeeded
in doing so. Mr. Rouskey believes the
men talked unnaturally when ad-
dressing him in order to keep their
identity a secret. He believes, how-
ever, that he would recognize at least
one of the two by his voice if he
should meet him. Police are of the
opinion that the hold-up was the
work of local talent and conducted a
quiet investigation today. The place
where the scene occurred is fairly
well lighted, being not far from an
ornamental lighting post on the Nor-
mal campus.

TO BE PRESENTED AT
MAJESTIC DECEM-
BER 13-14

"The Jollies of 1920," a minstrel-
musical revue, will be presented by a
cast of home talent players at the Ma-
jestic theater on December 13 and 14
under the auspices of Stevens Point
Lodge No. 641, Benevolent and Pro-

The entertainment will be for the
benefit of a fund the local Elks' lodge
is raising for the purchase of a me-

the lodge who have answered the last
roll call.

The Joe Bren Production company
of Chicago will put on the show and
will furnish special stage material,
gorgeous costumes and elaborate

is promised by the committee in charge
consisting of L. J. Eaton, C. W. Eagle-
burger and F. A. Loeb.

"The Jollies of 1920" has been pre-
sented with marked success in other
cities. It was given at Wausau last
month and was such a hit that the
Elks of that city have made arrange-
ments for a return engagement next
May.

A campaign of ticket selling for the
local presentation is now in progress.

SUPERVISOR HURT IN AUTO ACCIDENT

MISS LUCILE BERARD IS
THROWN AGAINST WIND-
SHIELD OF CAR ON
LINWOOD ROAD

Miss Lucile Berard, Portage county
superintendent of schools, has been laid up
for several days as the result of an
automobile accident in which she was
injured while riding in a taxi to a
Linwood rural school.

The breaking of a spindle bolt
caused a front wheel on the taxi to
fall off, suddenly plunging the front
of the car downward. Miss Berard,
who was seated in front with the driv-
er, was thrown against the wind-
shield, which was demolished. She
suffered a splintered tooth and a bad-
ly lacerated lip, one of the pieces of
broken glass penetrating through the
lip. She was brought back to Stevens
Point in another car which came along
a few minutes later and given medi-
cal attention, somewhat weakened by
the loss of blood.

As a result of her injury, Miss Ber-
ard was unable to attend her school
duties and on Friday left for her home
in Wisconsin Rapids to spend the
week-end.

STATE RESTRAINED FROM INTERFERING WITH RAIL FARES

TEMPORARY INJUNCTION IS IS-
SUED TO PREVENT WISCON-
SIN OFFICIALS FROM
STOPPING RATE
INCREASE

Milwaukee, Dec. 3.—A temporary
injunction restraining the state of
Wisconsin from interfering with the
enforcement of the recent order of
the Interstate Commerce commission
raising the passenger fare in Wis-
consin to 3.6 cents per mile was ob-
tained in federal court here today by
ten railroads entering Wisconsin.

Governor E. L. Philipp, Attorney
General John J. Blaine, the Wisconsin
Railroad commission and District At-
torney Winfred Zabel of Milwaukee
county are made defendants in these
actions.

As a result of the injunction the
3.6 cent fare will become effective
January 15, 1921, regardless of steps
contemplated to prevent it, which
have been taken by Governor Philipp
and Attorney General Blaine, govern-
or-elect of Wisconsin, according to
C. H. Doren, counsel for the North-
western railroad. Governor Philipp
however, according to reports here,
will fight the action.

the Chamber of Commerce from expe-
rienced hotel men who are anxious to
take a lease on the proposed \$400,-
000 hotel for Stevens Point. Each is
willing to completely furnish the
building throughout. The estimated
cost of furnishing is placed at
from \$50,000 to \$100,000.

Under the proposed terms the build-
ing would be leased at a fixed rental,
which would assure a permanent in-
terest on the investment.

STEVENS POINT RESIDENT IS CALIFORNIA VISITOR

K. G. Strope, Stevens Point, was a
visitor on November 22 at the big ex-
hibit of southern California products
maintained free to the public by the
Los Angeles Chamber of Commerce.
He also attended the lectures and mo-
tion pictures that are a part of the
daily program. The exhibit is the
largest of any in the country main-
tained by a commercial organization.
Before returning home, Mr. Strope
expects to visit several of the many
other places of interest in the South-
land.

PLUM HUNTERS BEGIN STIRRING

LOCAL REPUBLICANS LOOK
WITH LONGING EYES ON
STEVENS POINT POST-
MASTERSHIP

OFFICE NOW PAYS \$3,200

TERM OF PRESENT INCUMBENT
WILL EXPIRE IN MAY
OF NEXT YEAR

With the plum hunting season open-
ed by the result of the national elec-
tion on November 2, signs of activi-
ty in quest of the Stevens Point post-
mastership under the new administra-
tion are becoming noticeable.

At least one candidate for the job
is circulating a petition. Two others
have let it be known that they are
after the appointment and at least
one other is mentioned as a "dark
horse."

Three Avowed Candidates

Fred J. Wilson, chairman of the
Progressive Republican campaign com-
mittee in the recent campaign, is the
candidate who is circulating a peti-
tion. A. B. Redfield, chairman of the
Republican county committee, and
Mayor John W. Welby are the other
avowed candidates. George L. Rogers
present controller of Stevens
Point, is being mentioned for the
place, but he has made no statement
as to whether or not he will be a can-
didate.

The term of Alex. Krimm, the pres-
ent postmaster, will expire in May,
1921, which means that a Republican
appointment will be made soon after
Senator Harding's inauguration pres-
ident. Mr. Krimm was appointed in
1917 succeeding D. L. Frost, Republi-
can. Mr. Frost continued as post-
master for some after his term expir-
ed owing to the delay in naming a
Democratic successor.

First Class Office
The Stevens Point post office is
rated as a first class office and the
salary of the postmaster is \$3,200 per
year.

CONCERT AUDIENCE BIG

METROPOLITAN ORCHESTRA'S
WORK WELL RECEIVED—DI-
RECTOR ESPECIALLY GOOD

The Metropolitan orchestra ap-
pearing as the third number of the
Stevens Point Entertainment course,
presented a concert of merit at the
Normal auditorium Friday evening.
A deviation from the course of the
usual concert program was the presen-
tation of a considerable number of
late popular pieces, which went well
with the usual large audience. The
rendition of three violin numbers by
the director of the orchestra Kreis-
ler's Valse Caprice and Liebesfreud,
and Drills's Souvenir, the latter two
being encores, were exceptionally
good.

FOUR SCHOOLS MAY BE DROPPED FROM BIG TEN

Urbana, Ill., Dec. 4.—Four members
of the Big Ten conference will be
dropped next year, according to ath-
letic officials at Illinois University
here.

The four schools which it is said
would be eliminated are Northwest-
ern, Indiana, Purdue and Iowa.
Members of the big ten were to
meet in Chicago today to plan for
next year and it was believed the
move to drop these four schools
would be made then.
